SUMMARY

Hello, I'm Abdullah, a 19-year-old Web Development student at Aptech. I have a strong foundation in frontend development, having mastered HTML, CSS, and JavaScript. I've recently ventured into backend development, learning LARAVEL and SSMS, and I'm excited to apply these skills to innovative projects. As a Hafiz, I value spiritual growth and embrace challenges with a positive mindset.

SKILLS

- Frontend: HTML, CSS, JavaScript
- Backend: PHP, MySQL, LARAVEL, SSMS
- Tools: Ms Office
- Personal: Strong analytical skills, attention to detail
